

## 425kg Capacity Outdoor Glassworker 425 Glazing Robot

The Glassworker 425 Glazing Robot is very agile and is perfect for use on construction sites or indoors. With a carrying capacity of up to 425 kg and its slim design, it fits through narrow doorways.

The computer-based self-monitoring safety system makes it the safest, a load capacity of 150 kg with fully extended arm the strongest device in the 400 kg class. A wide range of optional accessories as well as the optional lacquer finish in your desired color complete the package.
