

Glass Clamp - 52x52mm - 304SSS - Satin - 48mm Tube-8-12.76mm (Model: K.GC.5252.304.048.S)

- A 52mm x 52mm 304 grade satin (brushed) stainless steel clamp.
- Suitable for glass thickness up to 12mm thick.
- Suitable for mounting on a 48/50mm diameter post.
- Used mainly indoors for stairs, glass balconies, counter dividers, glass screens, splash guards etc.
- Supplied with an OPTIONAL anti slip safety shelf which ensures that it never allows the glass to slip downwards over time.
- To use these shelves the clamps must be mounted at the corners of the glass panels.
- This clamp is also supplied with the OPTIONAL anti slip pin which is used when the glass is drilled.
- These clamps are suitable for loads up to approximately 34kgs per four clamps.
