

Nedo Winkeltronic Easy 400mm Digital Display Angle Finder (Model: C0033A)

- A digital angle measuring device to precisely measure and transfer angles.
- With its light weight and large display, the Winkeltronic Easy is an ideal helper on the construction site, especially in interior outfitting.
- Rugged, reliable and with an accuracy of $\pm 0.1^\circ$.
- The measured angles are read off conveniently from the large display.
- Very easy handling thanks to the symmetrical arrangement of the shanks.
- It features a hold function to keep a value on the display and is equipped with two spirit levels for horizontal and vertical alignment.
