

## Corner 152x152x38mm (3) ( Model: RB395 )

 $\bullet$  Regalead decorative glass bevels are designed primarily for the overlay market and are manufactured from 5mm float glass which is bevelled down to a 1.5 - 1.8mm edge.

• These fine edges make the bevel pieces ideal for using with self adhesive lead but also suitable for customers working with traditional lead cames or copper foils.
