

Cluster 180mmx135mm (4) (Model: RB90.1)

RB 90.1

Regalead decorative glass bevels are designed primarily for the overlay market and are manufactured from 5mm float glass which is bevelled down to a 1.5 Å 1.8mm edge. These fine edges make the bevel pieces ideal for using with self adhesive lead but also suitable for customers working with traditional lead comes or copper foils.
